DIGITAL RECRUITMENT STRATEGIES

By using Handshake, you can increase your visibility by using the following techniques:

- Complete your employer profile by adding social media links, public contact information, and highlight values your employees love & share in your employer brand.
- Post a job that "allows remote workers" as students can search specifically for these positions.

Virtual info chats—informal, 15-minute 1:1 conversations between a student and employer, hosted on Handshake—are live.

Virtual info chats were created to help students connect with employers in a less intimidating setting to get an inside look at company culture and available opportunities.

- All employers can offer students availability for virtual info chats within job postings and messages.

Make the most out of your Handshake account by connecting with our students and alumni. Connect via phone, Google Meet, Teams, Zoom and/or other virtual platforms.

RECRUIT USING HANDSHAKE

- Post part-time, full-time, internships, fellowships, volunteer, and co-op opportunities
- Schedule job interviews
- List your events

THANK YOU FOR YOUR CONTINUED EFFORTS IN SUPPORTING UCF STUDENTS!
